SEND OUT 6,000 LETTERS TO SELL EASTER SEALS

Some 6,000 letters containing sheets of the 1957 Easter Seals were mailed today to Adams Countians by the Adams County Society for Crippled Children and Adults.

The letters, signed by Mrs. Donald Myers, Gettysburg seal sale chairman, seek funds with which the county society can continue and expand its services to Adams County children who have crippling handicaps.

"Most of the money we receive through the seal sale stays in Adams County," Mrs. Myers said. "Approximately 90 per cent of the funds raised during the annual Easter Seal campaign finances services within Pennsylvania—and an important part of that money goes for the summer camps for crippled children. The remainder goes to help a national program of service, education and research."

"Need Help So Much"

Mrs. Myers' letter follows:

"Each Easter Time these seals remind you and many thousands of others that the time of the year has come again to lend a helping hand in the work that is being done in Adams County to help crippled children and otherwise handicapped children and adults who cannot help themselves.

"Last year approximately 95 crippled boys and girls in our county were helped to secure costly braces, special shoes, artificial limbs or have broken braces or limbs repaired or replaced. Others have been taken to diagnostic clinics, sent to summer camps or provided with costly physical therapy treatments.

"The Adams County Society played an important role in making physical therapy facilities available at the Warner Hospital and hopes to help provide more help for hundreds of county school children who need advice and aid with speech difficulties.

"Your purchase and use of the enclosed seals will make possible the continuation and expansion of these services, so important to so many who need help so much.

"Please send your contribution by return mail! Thank you!"

Rebel Leaders Jubilant After Indonseia Victory

JAKARTA (AP)—Rebel military leaders from throughout Indonesia met today in Jakarta in the backslapping-handshaking atmosphere of a college reunion.

President Sukarno in a tense broadcast last night said the revolt across the widespread island republic had brought the nation to the point of life and death.

Today the leaders of that revolt talked and joked at great length in the capital on their first meeting since they defied Premier Ali Sastroamidjojo.

The Premier and his Cabinet quit yesterday, finally, bowing to demands that began in December and spread throughout the island republic. The rebels pledged their allegiance to Sukarno—the hero of Indonesia's revolution against the Dutch—but demanded a new government which would let them keep most of the proceeds from their exports to develop their own islands.

The crisis was worsened by Sukarno's plan to set up an all-powerful "advisory" council headed by himself and including the Communists. Leaders in the outlying islands and the powerful army chief of staff, Maj. Gen. Abdul Haris Nasution, were unanimously opposed to a government including the Reds.

Faced with the disintegration of the republic he launched in 1945, Sukarno capitulated. He finally forced Sastroamidjojo's resignation—which most parties in the government had demanded since January—and officially turned the local governments over to the military leaders who had rebelled since December. Then he summoned the local military chiefs to Jakarta to make peace.

On hand for the meeting were Lt. Col. Ventje Sumual of east Indonesia, Lt. Col. Barlian of south Sumatra and Lt. Col. Hasan Basri of Borneo, all rebel leaders in their sectors of the republic. Lt. Col. Achmad Husein, leader of the central Sumatra revolt, was reported too ill to attend.

President Retires Early Aboard Canberra Enroute To Bermuda

By MARVIN L. ARROWSMITH

EN ROUTE WITH EISENHOWER (AP)—President Eisenhower, relaxing and seeking to spruce up his health, cruised south along the Atlantic coast today toward the warm waters off Florida.

The President sailed from Norfolk, Va., aboard the Navy guided missile cruiser Canberra last night on a leisurely six-day voyage to Bermuda. He will arrive there Wednesday afternoon for talks with British Prime Minister Harold Macmillan.

He decided on the sea trip in a move to shake a stubborn cough, a head cold and an ear ailment which have been bothering him for some time.

White House press secretary James C. Hagery, aboard the Canberra, reported by radio last night to newsmen traveling on escorting destroyers that Eisenhower had retired about 9 p.m. after spending a quiet evening with members of his staff.

Hagerty said the President was "feeling fine" and that the Canberra's course for today would be due south along the Atlantic coast.

The schedule called for Eisenhower to arrive off the coast at Daytona Beach, Fla., about 4 p.m. and to continue to and probably beyond the Miami area. Hagerty said there was no plan for Eisenhower to go ashore at any time during his cruise.

Eisenhower boarded the cruiser at Norfolk, Va., after visiting for a time with key naval officers of the United States and seven other countries at the Atlantic supreme command headquarters of the North Atlantic Treaty Organization.

LOCAL OPTION IN HUNTINGTON TWP. IS ASKED

Petitions bearing the names of 246 persons have been filed with the county election board asking that a vote be held in Huntington Twp. at the May primary asking: "Do you favor the granting of liquor licenses and the sale of liquors in the township of Huntington, county of Adams, Pennsylvania?"

The law concerning local option petitions requires that the number of petitioners equal 25 per cent of the highest number of votes cast for any candidate at the preceding election. At the last general election in Huntington Twp. a total of 491 ballots were cast, twice the number of signers of the petition.

A total of five petitions were filed with the election board asking a local option vote. Fifty signatures were on a petition sworn to by E. S. Starry, York Springs R. 2, mechanic; 55 on the petition sworn to by Harvey L. Heller, Idaville, foreman; 40 on the petition sworn to by Frank W. Sowers, York Springs R. 2, farmer; 58 on a petition sworn to by Ralph L. Hikes, York Springs R. 2, farmer, and 43 on the petition sworn to by Harry E. Hoffman, Gardners R. 1, farmer.

Only One Licensee

The only holder of a liquor license in the township is the Mary Jane Inn on the Gettysburg-Harrisburg Rd., near York Springs. Last year the township received $150 in license fees from the inn according to the report of the township auditors filed with the clerk of courts. The township ended the year with approximately $700 balance in its treasury, according to the report.

The petitions were among a large number for places on the May 21 primary ballots filed with the county election board.

Candidates File

Monday is the last day for the filing of petitions for a place on the ballot.

Among the many who have filed are James G. "Jim" Warren, present deputy sheriff, for Republican nomination for sheriff; Prudence O. Firemen Find Fire In Chief's Auto

At 12:35 o'clock this afternoon the Gettysburg firemen responded to an alarm from a Strausbaugh residence on N. Fourth St., near the railroad, and found that a clogged chimney had caused smoke to back into the house, but the firemen were not needed.

Returning to the engine house, however, they found that there was a fire after all. The auto of Second Assistant Fire Chief Frank Linn, which he had parked near the engine house to join the firemen, was ablaze. Damage was slight, with the 46 firemen present quickly extinguishing the fire caused by a short circuit.

3 TOP LEADERS, IKE, NIXON AND DULLES, ABSENT

WASHINGTON (AP) — Dwight D. Eisenhower took the presidency right along with him when he sailed out of the country last night.

With Eisenhower, Vice President Nixon and Secretary of State Dulles all out of the country, the question arose: Who was left in charge?

The answer: Nobody.

With Eisenhower headed for Bermuda by way of tropical waters, Nixon is touring Africa and Dulles is not yet back from a Southeast Asia meeting in Australia.

There is a line of succession starting with the vice president to cover the case of a president who dies in office.

No Acting President

But there is no such thing under the Constitution as an acting president, comparable to a lieutenant governor who takes over when his chief leaves the state.

Nobody took over officially even when Eisenhower was out of action for a time when he suffered his heart attack in 1955.

Some scholars believe the framers of the Constitution intended the vice president to move in temporarily when a chief executive is incapacitated. But there is a question whether the vice president could constitutionally give the office back if he did assume it. Another question is just how to determine that a president is incapacitated. Congress is now studying proposals to cover that ground.

But there is no current move to do anything about the case of a president who is only out of the country—a situation which has arisen frequently since the days of Franklin D. Roosevelt.

Actually, the president travels with so much communication equipment that about all he loses is face-to-face contact.

Sherman Adams, chief presidential aid, is "minding the store" at the White House—but presidential decisions, and responsibilities are still Eisenhower's.

Nixon's job of presiding over the Senate has been taken over by senators. They frequently do so even when he is in the capital. Undersecretary of State Herter is the top man at the State Department while Dulles is abroad.

MIDWEST HIT BY BLIZZARDS

Blizzards whipped across northern Midwest areas today, isolating scores of communities, as other violent mid-March storms swept sections in the central part of the country.

Minnesota, Iowa, the Dakotas and Nebraska appeared the hardest hit by the late winter icy storms which erupted yesterday. At least six deaths were attributed to the blizzard conditions, four in Minnesota and two in Iowa. Rain, sleet and snow spread across wide areas.

As the storm headed into the upper Great Lakes region, cold air spread across most of the central part of the country. Temperatures were more than 30 degrees lower than 24 hours earlier in many places and were far below freezing in the storm zone.

Along the leading edge of the cold front, thunderstorms broke out yesterday from the Kentucky-Tennessee area northward to extreme Upper Michigan.

Tornadic winds struck Illinois, with a twister hitting Parkville and Sidney in the east central part of the state. Several buildings were damaged and trees uprooted, but no persons were injured.

Meanwhile, springlike weather continued in the eastern quarter and western third of the country.

HOUSE EXTENDS 2 TAX MEASURES

WASHINGTON (AP)—The House—after listening to denunciations of high taxes and big government spending—has voted for a year's extension of present corporation and excise tax rates.

House passage of the bill yesterday sent it to the Senate, where action is expected before April 1.

On that date, corporation and excise (sales) tax rates are scheduled to drop automatically. This would cut Treasury revenues about three billion dollars and endanger prospects for a budget surplus.

The bill passed by the House on a voice vote would extend until April 1, 1958, the present 52 per cent levy on corporation profits. It also would continue for the same span the present excise rates on liquor, cigarettes, passenger automobiles and auto parts and accessories.

FINE IS FINED FOR SPEEDING

NORTHUMBERLAND, Pa., (AP)—Former Gov. John S. Fine has been ordered to pay a $10 fine and costs or appear for a hearing on a charge of driving at 70 miles an hour in a 50-mile zone between Danville and Northumberland.

The charge was filed with Justice of the Peace Russell Clugston Jr. by Constable Ernest Kreis yesterday. Kreis said he stopped Fine's car last Monday.

"I may have been exceeding the speed limit, but I am sure I was not going as fast as the officer claimed," Fine said. ' I was absorbed in thought and not watching the speedometer."

He said that if he had violated the motor vehicle code, 'I should pay as does every other person so charged." He did not say, however, whether he planned to pay the fine or appear at a hearing.

"I had no idea who I was arresting until he pulled out his identification and I learned it was the former governor," Kreis said

Fine, now practicing law at Wilkes-Barre, was en route to Harrisburg to attend Gov. Leader's annual dinner for the State Superior Court.

Car Designs Bring Parking Problems

Borough officials today were giving consideration to a problem brought about by the design of new cars and the location of traffic signs and hydrants.

The matter was pointed up by a report Thursday afternoon by Robert L. Harpster, Baltimore St., to borough police. Harpster had parked his new car at the curb on Baltimore St. and the chrome trim, snagged by the pole supporting a 25-mile per hour sign, was ripped from the car.

The police report showed the car had been parked with the rear wheels on inch from the curb. Measurements showed the pole to be seven inches from the curb. The sides of the car extended slightly over eight inches from the outside of the wheels.

Police said this morning that the curved exteriors of cars have caused a number of such scrapings and damage to autos at various parts of the town, and added that many of the new cars cannot park within the required six inches of the curb —measured from the wheels, because the sides of the cars extend too far over the curb and would hit signs and other objects along the curb.

FIFTEEN YEARS AGO

Fire Destroys Fertilizer Plant: Fire of undetermined origin destroyed the local plant of the Central Chemical Corporation of Pennsylvania with all its machinery, hundreds of tons of fertilizers, feeds, insecticides and seeds east of town on the Lincoln Highway. It was formerly known as the Oyler and Spangler fertilizer plant.

Discovered shortly after 6:30 o'clock in the morning the flames raced through the big two- and three- story frame building and reduced it to blazing ruins in an hour.

At the height of the fire great masses of flame billowed skyward for a hundred feet or more from almost all sections of the structure which measured about 55 by 250 feet. A high column of smoke and sparks made the fire visible for miles around.

Estimates of the probable loss ranged from $75,000 to $100,000 and upward. Samuel G. Spangler and J. Price Oyler, managers of the plant, said they could not estimate the damage until an inspection of the ruins could be made. The cause of the fire remained a mystery. The flames were discovered first by Charles Sell, a trucker from near Allentown who had arrived early for a load of spray materials. He was dozing in his truck at the north side of the building waiting for the plant to open for the day. He was aroused by the crackling flames shooting from the roof at the northeast section of the structure.

"Open" Winter Helps Game In Adams County: "Wild life in Adams County came through the winter in good physical condition with an open winter and adequate feed supplies in their favor," Leo Bushman, county game protector, told members of the county Fish and Game Association at their March meeting Friday evening.

He stated that there are more pheasants in Adams County now than in many years. More than 300 rabbits and an equal number of pheasants were released last month, he said.

Maroons Gain Second Straight District Title By Walloping Mt. Penn 37-17: Make no mistake about it this time, George Forney's Gettysburg High School basketball team is again champion of District 3 of the PIAA.

It came about Friday evening when the Maroons pulverized Mt. Penn High, Berks County champions, 37-17 in a game played on the Palestra court, Harrisburg, before a crowd of 1,400.

Davey Plank and George Fair, who have been among the stars of the championship games, were the leading scorers for Gettysburg, with 11 and 10 points respectively. The Maroons all around once again gave a good exhibition with each of the regular playing a bang-up game. Ross Sachs, who with Plank are fast becoming recognized as two truly great guards, played brilliantly on both the defense and offense. The other pair of Maroon starters, Pooney Carter and Harry Bream, played their usual hard, consistent game between the hoops.

The victory marked the 23rd in 25 attempts for Gettysburg this year and places the Maroons in the inter-district playoffs for the state championship for the second successive year.

Firemen Buy $500 U.S. Bond; Pay For Truck: Gettysburg firemen ordered the purchase in the name of the company of a $500 United States defense bond at the March meeting of the company which was held Wednesday evening in the engine house with about 55 members present.

The bond is to bought from company funds.

Firemen inspected the new fire engine that arrived last week and at their business session voted to use $3,180.55 from their funds and borrow $1,000 for three months to pay for the apparatus a once.

BUILD BETTER

This body — the home of the mind, the heart and the soul — is the most wonderful piece of constructive creative work in all this world. Its reaction to constant improvement and noble care is most pronounced. The heart, that keeps this machine alive and in good order, is amazing. A little kindness to it goes a long, long way!

We would build this body better and better if we only respected it more. The happiest and healthiest body is that one which we look upon as God's temple, usefully engaged in work to try and make it a sacred trust, endowed with good influence and high purposes. There is a line in that beautiful poem, by Oliver Wendell Holmes, called "The Chambered Nautilus" where he wrote: "Build thee more stately mansions, O my soul."

We can be our own inspiring genius by daily seeking to build this life of ours better and better. Wise old Benjamin Franklin, as a young man, kept a little book, in which he jotted down the things he resolved to do. Then he would look it over at the close of each day to see if he had improved himself. Little by little he enriched his life and grew in influence and personal power. Few Americans had a greater influence for good than this man, whose good deeds surely live after him.

Nothing is so important as constantly building our lives better and better "as the swift seasons roll." Self-mastery, mental health and the high purpose are sure to give hope to the heart and a generous portion of happiness for which we all strive.

We need to feel growth of mind and a mellowness of heart. A love of God and our fellow creatures is sure to follow. All fear is blotted out and life itself grows more and more significant. Why not keep building better and better?

Tomorrow Mr. Adams will talk on the subject: "Potentials"

DREAM SHIP

I sail to England now and then;
When morning comes I'm back again.
I am the captain of the ship,
Upon the bridge I make the trip,
And often—say from seven to nine—
I'm at his table when I dine.

I know the purser and the mate,
I've learned their troubles all are great.
By checking with the northern star
I know exactly where we are.
When suddenly there blows a gale,
I never lean across the rail.

I nightly said the briny deep
An hour before I go to sleep.
The ship may roll but I don't mind.
I'm of the rugged sturdy kind.
I bravely battle wind and deep
Until at last I fall asleep.

LENTEN GUIDEPOSTS

INSIDE OUR HOME
By MRS. BILLY GRAHAM
Wife Of The Famed Evangelist

One of the peculiar things about living in a preacher's family is the way strangers expect to see halos shining from all our heads.

Mrs. Billy Graham

I say strangers. Our friends know better. They've seen little Franklin bite his sisters; they've seen Virginia and Ruth shouting or perhaps scrapping out on the front lawn.

Our friends are fully aware that, for all our striving to make God the center of our home, life in the Billy Graham household is not a matter of uninterrupted sweetness and light.

And it's not just the children. Our friends might very well have heard me moan to my husband, Bill, about how I can never muster enthusiasm for doing dishes three times a day for a family of six.

Oh! Those Dishes!

I love being a wife, mother, and homemaker. To me it is the nicest, most rewarding job in the world, second in importance to none, not even preaching.

But I don't like washing dishes.

To me there is no future in doing the dishes, nothing creative. And they are always there after each meal.

I've even tried placing a little motto on the window sill above my sink. It's a motto I've had ever since high school, and it says: "Praise and Pray and Peg Away." I made my dissatisfaction with the dishes a definite prayer concern and still I couldn't seem to dig up much enthusiasm.

But, as so often happens, my prayers were answered in an unusual way. I took sick at Christmas time. It was Bill, then, who had to take over and do the dishes.

A Gift

What did Bill give me for Christmas?

An electric dish washer.

That's not the end of the story. When Dr. James Stewart of Edinburgh was at our home in Montreat, N. C., a summer ago, we were discussing housekeeping as a divinely appointed task, and he told of visiting a Scottish kitchen.

Over the sink were these words: "Divine service will be conducted here three times daily."

Bill and I do try to make our daily duties a divine service. Take, for instance, the job of disciplining the children. We try whenever possible to deal with our children's waywardness in terms of the Bible.

A Discipline Problem

I remember one time when Virginia, our oldest, who is 10, had to be disciplined. I've forgotten what the trouble was now. But that day I took heed of the proverb: Spare the rod and spoil the child. Virginia was sweet as sugar for three days after that, and then she came to me and asked:

"Mother, why'd God ever create the devil and make me bad?"

It was a good question, although actually it's not too hard to answer. We talked about temptation. We talked about how if there were no devil, there'd be no test of our love for God. And we talked about the best ways to fight back, with prayer and with long talks with Christ.

Not Long-Faced

The question of our relation to Christ is, of course, a very serious one in our house. When I say serious, I don't mean long-faced. You aren't long-faced when you talk over a problem with a good friend.

But from the time they were first able to talk, we have tried very hard to teach our children that Christ is their personal Friend as well as their Savior. And then, having prepared the soil, we let them grow in their own relationship to Him.

We try to start this relationship with the children's first nightly prayers. One time Franklin, who is four, was disciplined for continuing to pick the cat up by its tail, and that night he said in his prayers: "Please help Mommy to be a good Mommy and not shut me in my room any more."

A Beginning

These first prayers aren't ridiculous in the sight of a child, nor in the sight of the Lord. They are a fine beginning. In time, we try to show our children, by our own example, the different ways to live close to God throughout the day.

With four small children, the unexpected is always happening, like the time I heard little Ruth, who is five, break into a scream outside. I ran to see what the matter was and found her older sister smacking her first on one side of the face and then on the other.

"What on earth's going on?" I asked the older child.

"I'm just teaching her the Bible, Mommy, to turn the other cheek when she gets slapped."

It took quite some time to straighten that out.

Can't Be Forced

We believe spiritual growth can't be forced without raising a brood of little hypocrites. We prepare the soil and plant the seed, and water and weed and tend the plant faithfully.

But it is "God that giveth the increase." We're willing to take our time and let growth come from the inside, through Christ; not merely from the outside, through our puny efforts.

Yet, even if the motto I have out in the kitchen doesn't apply too well to dishes, it does apply to children and the problem of growing halos. Maybe the best thing, after all, is to Praise and Pray and Peg Away. The halos will take care of themselves.

TOMORROW — Dick Sullivan, a Stoneham, Mass., welder, tells of the time his brother was trapped in a cavein and how his prayers brought an unexpected rescue.

400 GATHER FOR EAGLES' EVENT

Approximately 400 members of the Fraternal Order of Eagles, including State President James A. Pujia, Connellsville, and visitors from aeries in nearby counties, attended the activities in connection with the initiation of a class of 135 candidates in honor of the state president at the Littlestown Eagles Home Thursday night.

The ritual was exemplified by the John W. Heller degree team of York. This was the first time a state president made an official visit to the Littlestown Aerie since it was organized in 1936.

John W. Heller, York, past state president and past grand worthy president of the national Grand Aerie, lauded the Littlestown club as an outstanding example of what can be done in Eagledom. Those initiated Thursday night brought the Littlestown membership to 700.

State President Pujia, principal speaker of the evening, talked on "Fraternalism," and outlined the many worth-while activities of the Eagles, such as "their work in behalf of social security, establishment of Mother's Day, care of children of service members killed in World War II and the Korean action, crusade for freedom and popularizing the Ten Commandments." He said that living the principles of the order would bring "peace of mind, peace of soul, and peace of conscience." Mr. Pujia, who conducts a grocery business in Connellsville, served in the various offices of his local aerie, and in district offices, before being elected to the state presidency.

Bernard Selby served as toastmaster. Following the meeting, refreshments were served by the local aerie to those present. Edward Warner is local president, and Monroe J. Stavely, secretary.

Mount Quint Eliminated By Kentucky Wesleyan 99-81; Face Los Angeles Tonight

Mt. St. Mary's bid for the small college NCAA basketball title was throttled by a Kentucky Wesleyan outfit Thursday evening as the Panthers went on a torrid scoring spree in the first nine minutes of the second half to take a 99-81 decision from the Mountaineers in a semi-final game in Municipal Stadium, Evansville, Ind.

Jim Phelan's squad, who had a 21-game winning streak snapped, led throughout the first half but "ran out of gas" as Kentucky Wesleyan took the lead early in the second half to win going away.

Tonight at 8 o'clock the Mountaineers meet Los Angeles State for third place in the tournament. Wheaton, Ill., drubbed Los Angeles Thursday evening 71-53 and opposes Kentucky Wesleyan in the championship game this evening.

Sullivan Bottled Up

Jack Sullivan, the Mount's ace scorer, was limited to 19 points before fouling out with 7:30 minutes of play remaining. The Panthers halted the blond bomber with a bit of double-teaming.

It appeared the Mountaineers were well on their way to another triumph when they rushed off to a 31-19 advantage midway in the opening half but then the Panthers began to come on as they chopped away at the Mt. St. Mary's lead, trailing only 43-39 at intermission.

A corner shot by Tom Cox knotted the score at 47-47 early in the second half and then Billy Bibb hit from the side to make it 49-47 as Kentucky Wesleyan went ahead for keeps. The Panthers poured 28 points through in the first nine minutes to take a 67-58 lead. Bibb looped 10 points and Gipe eight during the surge.

Sheing Lands 17

Trailing Sullivan in point production for the Mount was Bert Sheing with 17, Jack Marshall with 13 and Bill Williams with 12.

Gipe, Bibb and Cox each went over the 20-point mark for Kentucky Wesleyan.

The Mountaineers take a 26-5 record into its final game of the season against Los Angeles State tonight. The westerners boast a 19-11 record.

Following Thursday's defeat Coach Phelan stated: "Our kids were in there trying but they missed a lot of easy ones. We should have gone away in front when we had the chance, but we goofed."

ALLENTOWN HI COPS DISTRICT 11 CAGE TITLE

ALLENTOWN, Pa. (AP) — Allentown sports the district 11 PIAA basketball crown today after a 69-52 sweet revenge over Palmerton, the team which beat them for the championship last year.

The victory at Hershey last night sends the Canaries against the winner of the District one battle between Chester and Norristown Monday night. The intersectional game will be played March 22 at the Palestra in Philadelphia.

Palmerton's Bob Mikvy led the scoring with 23 points, while Bob Heffner of Allentown tallied 20. Allentown sub Bob Fager matched Heffner's point tally in a standout performance of long shots.

The lead see-sawed through the contest, Allentown was in command 15-13 after the first quarter, Palmerton led 30-27 at the half and Allentown was in front 45-42 after the third period. Palmerton's attack ran down in the final period, as Allentown piled up 24 points against 10 for Palmerton.

Nanticoke Wins

In Scranton, favored Nanticoke won the District 2 Class A championship by beating Swoyersville 62-46. It was Nanticoke's first such conquest since 1931, and its 16th victory in a row.

Thus the Wyoming Valley champions earned the right to meet Coal Twp. District 4 titlist, next Wednesday night in Bucknell University gymnasium. Mike Kwak led the victors' attack with 24 points. Joe Olejnik, with 22, starred for Swoyersville, the defending district champion.

Pitt Is Favored In Wrestling Tourney

UNIVERSITY PARK, Pa. (AP)—The University of Pittsburgh was given a slight advantage over the Pennsylvania State University today to win the Eastern Intercollegiate Wrestling Championship again.

The wrestling tournament opened today and will windup Saturday night.

Pitt wrestlers have won the title three times but only by one point in each of the last two tournaments.

Lehigh, Cornell and Navy of 18 schools entered in the tournament were given a chance to slow up the front runners.

FIVE OF NL'S TOP SOUTHPAWS ARE BATTERED

By SHELDON SAKOWITZ
The Associated Press

Five National League southpaws would just as soon forget about yesterday.

Three of them—Johnny Antonelli of the Giants, Johnny Podres of the Dodgers and Wilmer (Vinegar Bend) Mizell—are among the top-rated in the league.

Veteran Paul Minner is trying to make the grade with the Pirates after an accident apparently ended his career, and the Cubs' pint-sized Jackie Collum is with his third different club in as many seasons.

Podres Shelled

Antonelli, a 20-game winner in 1956, made his first spring appearance as the Giants bowed to Baltimore 7-6. He was the victim of a five-run third frame. He allowed three hits—including a home run by Gus Triandos — and walked four.

Podres, who beat the Yankees in the seventh game of the 1955 World Series, was shelled for eight runs in fourth inning by Milwaukee. He gave up a pinch grand slam homer by Andy Pafko and a three-run home run by Jim Pendleton.

Podres was the losing pitcher as Milwaukee won 12-9. In two innings he yielded five hits and issued three bases on balls.

Mizell Wild

Once again Mizell's wildness led to his downfall. Boston scored all four runs off him in the first inning to blank St. Louis 4-0. The big speed-baller, who had a 14-14 record last season, walked four men and failed to get a batter out. He gave up an infield hit, but only two runs were earned due to Ken Boyer's error.

Minner fractured his neck in mid-June when he slipped in the shower of his hotel room. The Cubs released him at the end of the season. The Pirates signed him as a free agent and agreed to give him a tryout, although he was not placed on their roster.

In his spring debut, Cincinnati sent five runs across the plate in the first inning before he could retire a batter. They went on to hand Pittsburgh its first setback after five exhibition victories 7-4.

Other Highlights

Collum played with Cincinnati in 1955 and was traded to the Cards, who then dealt him to Chicago after the 1956 season. The 5-8 lefty pitched three innings of relief in the Cubs' 9-8 defeat at the hands of Cleveland in 13 innings. Taking over in the fourth inning, he was touched for five runs, allowing at least one run in each of the frames.

Elsewhere: Jim Rivera and Jim Landis each slammed a pair of homers as the White Sox trimmed the Senators 12-2. Gil McDougald's triple and Tony Kubek's single gave the Yanks a 3-2 triumph over the Tigers in 10 innings; and Bobby Morgan's homer—his second of the game—in the ninth inning enabled the Phils to edge Kansas City 7-6.

EAGLE BRINGS DEMARET CLOSE TO 2 LEADERS

By MERCER BAILEY

ST. PETERSBURG, Fla. (AP)—Aging, ageless Jimmy Demaret stepped up to his ball, stroked it firmly and gave a little leap of joy as it fell into the cup for an eagle.

Still sporting the broad smile and the brightly colored golfing garb that have been Demaret trademarks for years, he then turned in his first-round score in the St. Petersburg Open—a 67.

That left the 46-year-old Texan, now playing out of Kiamesha Lake, N. Y., only one stroke off the pace starting today's second round in the $12,500, 72-hole event.

Youngsters In Front

Two lads young enough to be Demaret's sons were out front with 5-under-par 66s—Gene Littler, 26, Singing Hills, Calif., and Bill Casper Jr., 25, Bonita, Calif.

Demaret's three victories in the Masters have been matched only by Sam Snead.

Tied with Demaret behind Littler and Casper were Jackie Burke Jr., Kiamesha Lake, and Lionel Hebert, Lafayette, La. Hebert was runner-up here last year, losing to Mike Fetchick, Mahopac, N. Y., in a playoff. Fetchick started the second round tied with 12 others at 70.

Four golfers were deadlocked at 68—Don Addington, Tecumseh, Mich.; Pete Cooper, Lakeland, Fla.; Bob Inman, Detroit; and George Bayer, Los Angeles. The 69 shooters included Arnold Palmer, Latrobe, Pa., and Art Wall Jr., Pocono Manor, Pa.

Yesterday's Fights

Hamner's Shoulder Pain Is Continuing

CLEARWATER, Fla. (AP)—Gran Hamner is still bothered with pain in his left shoulder, so the Philadelphia Phillies' ex-shortstop may have to go on being a pitcher, like it or not.

The doctors say Hamner, whose shoulder was operated on after the 1955 season, should not try to play every day as long as the pain continues. The medics say the ache will be there until the tendon in the shoulder heals. Quoting Dr. Sidney P. Gaynor of the New York Yankees, Hamner said:

"He told me that could happen overnight, and when it did I could do anything I wanted. Until it does, I'm still a pitcher."

SPRINGER TEAM HAS SIX VETS; OPEN MARCH 28

Despite the loss of his star pitcher and catcher of last year via graduation, Coach Al Billet of the York Springs High School baseball squad has a good nucleus for a winning team during the coming season.

Six of last year's lettermen are back while four candidates have shown considerable promise as pitchers. Of the four seeking jobs as pitchers, one will be available for two years, two for three years and the other for four years.

Last year Coach Billet had three freshmen on his varsity squad and present indications point to at least one this season.

Merle Rumsey is the only senior in the present group of 18 candidates.

Other candidates are: Juniors, William Weigle, David Miller and Dean Tate; sophomores, George Williams, Harold Griffie, Marlin Tate, Roy Williams, Robert Schlotzhauer, James Cashman, Paul Weigle, George Weigle, Roger Emlet and William Coulson; freshmen, Robert Weigle, Gary Prosser, Rodney Starner and Fred Starner.

York Springs will play a 12-game schedule, opening at Lower Chanceford on Thursday, March 28.

Additional games follow: April 4, Delone, away; 8, Northern Joint at Dillsburg; 11, Biglerville (exhibition), away; 16, Big Spring, home; 18, Littlestown, away; 23, Fairfield, home; 25, New Oxford, away; 30, Boiling Springs, away; May 2, Biglerville, home; 7, East Berlin, away; 9, May Day, Delone, home.

Warriors Again Have Top Scorer

NEW YORK (AP)—Paul Arizin, the old Villanova star who led the National Basketball Association in scoring in 1952, brought the individual point collecting honors back to Philadelphia this season.

Final figures released today for the regular season which ended Wednesday showed that Arizin scored 1,817 points for an average of 25.6 points per game. In 1952, as a second year man Arizin tallied 1,674 points for an average of 25.4 as he dethroned George Mikan of Minneapolis—leader three seasons in a row.

This is the sixth time in 11 years that a Warrior has topped the scorers. Joe Fulks led in 1947, and Neil Johnston in 1953-54-55.

Arizin finished 62 points ahead of Bob Pettit of St. Louis, who had 1,849 a year ago for a 25.7 average.

IKE CHESTNUT, GILLY CADILLI ARE RATED EVEN

NEW YORK (AP)—Having fought almost to a draw the first time, featherweight contenders Gilly Cadilli and Ike Chestnut are rated even for their return bout at Madison quare Garden tonight.

Cadilli, a 25-year-old ex-GI from Los Angeles, finished strong to nose out the 26-year-old New Yorker by one point at Houston, Tex., last Oct. 30.

"That was a big point for me," said Cadilli. "I wasn't going too good and was even thinking of quitting the ring. The fight with Chestnut was the test. It was one of the toughest of my career. He hit me with a hook in the first round and buckled my knees but I fought it off and won. That fight showed I still belonged with the leading featherweights.

Ike Wants Revenge

"In my next fight, I beat Miguel Berrios. If I beat Chestnut again maybe they'll let me in the elimination tournament. After all, I beat Chestnut and Berrios and Chestnut stopped Carmelo Costa."

Berrios and Costa, two of the four 126-pounders selected for the tournament to succeed retired Sandy Saddler, meet at the Garden next Friday. The other two are France's Cherif Hamia and Nigeria's Hogan (Kid) Bassey.

Chestnut, of course, is anxious for revenge. He figures that if he can even the score with Cadilli he might stand a chance of getting one of the first cracks at the new champion.

Both of the little men are speed merchants and fine boxers. Neither hits too hard, Cadilli's record is 27-8-3, including nine knockouts. Chestnut's record is 23-8-3 with only three kayos.

NBC will broadcast and telecast at 10 p.m., EST.

Control Ball A Possibility In Tonight's Regionals Of NCAA Basketball Tourney

By HUGH FULLERTON JR.
The Associated Press

Virtually all the scoring records for the NCAA Basketball Tournament were set in the past three years, but the big question as 16 NCAA contenders moved into four regional tournament tonight was whether this scoring trend might be reversed.

There have been a couple of signs. The San Francisco Dons, 1955-56 champions, got their best results by playing solid defensive basketball and holding their shots until they counted. Two of this year's first-round winners, Canisius and Idaho State did virtually the same thing as they beat West Virginia and Hardin-Simmons with scores in the 60s.

Canisius likely will try to keep control when it meets unbeaten North Carolina tonight, rather than take chances on letting Len Rosenbluth and his mates get their shots. Some of the others may use similar tactics if they decide it's futile to run against such teams as Kansas, Kentucky, St. Louis and Notre Dame.

The results could be just the opposite, since all 16 teams have shown that on occasion they can collect large gobs of points.

Mount Stopped

Meanwhile, in the NCAA Small College Tournament at Evansville Ind., Kentucky Wesleyan and Wheaton gained the finals to be played tonight. Kentucky Wesleyan blasted Mt. St. Mary's (Md) 99-81, coming from behind with 28 points in the first nine minutes of the second half. Wheaton led all the way to beat Los Angeles State 71-5.

In the NAIA Tournament at Kansas City, top-seeded Pacific Lutheran meets Tennessee State and Eastern Illinois plays Southeastern Oklahoma. The finals will be Saturday night.

Pacific Lutheran eliminated Texas Southern 91-73, Tennesseee State went ahead in the final minutes to down Western Illinois 90-88, Eastern Illinois ousted Hamline, three-time champion, 83-83, and Southeastern Oklahoma took care of second-seeded Youngstown 69-65.

Here's the lineup for the four regional major college NCAA playoffs tonight that will qualify four teams for the final rounds at Kansas City March 22-23.

Games At Palestra

At Philadelphia, North Carolina, No. 1 in the nation, opposes Canisius, while Syracuse plays Lafayette.

At Lexington, Ky., Kentucky faces Pittsburgh and Michigan State meets Notre Dame. Pitt edged Morehead (Ky.) 86-85 in the opening round and Notre Dame routed Miami (Ohio) 89-77.

At Dallas, Kansas plays Southern Methodist and Oklahoma City meets St. Louis.

At Corvallis, Ore., San Francisco opens its title defense against Idaho State and California meets Brigham Young.

TWO ORIOLES INJURED

SCOTTSDALE, Ariz. (AP) — Bob Boyd and Jim Brideweser won't be with the Baltimore Orioles when they tangle with the Chicago Cubs at Los Angeles this weekend.

Although he took infield practice yesterday, Brideweser was still favoring a cut on his big toe. Boyd continued to limp from the sprained ankle he suffered Wednesday in the game against the Cleveland Indians.

Manager Paul Richards listed pitchers Erv Palica, George Zuverink and Mike Fornieles to go against the Cubs in the first of a three-game series tonight.

CONGRESSMAN, AEC MEMBER IN DISAGREEMENT

By LEE LINDER

PHILADELPHIA (AP) — A congressman and a member of the Atomic Energy Commission were in disagreement today over how fast America should go in building nuclear power plants.

Rep. Carl T. Durham (D-NC), chairman of the Joint Congressional Committee on Atomic Energy, warned that England and Russia are "seriously" challenging U. S. world leadership in nuclear power and suggested the federal government spend more money to build more plants, and bigger ones, faster.

But AEC Commissioner Harold S. Vance denied the United States was losing ground.

Share Platform

The two shared the platform last night at a session of the 1957 nuclear congress sponsored by the National Industrial Conference Board.

"We are definitely ahead of the rest of the world in the technological development of atomic power," Vance said. "And I am confident that we will remain in this position."

Durham, besides appealing for more A-power plants, also urged the United States to increase its military weapons production and build the world's first atomic airplane as quickly as possible.

Using "Meat Ax"

He charged that "the Defense Department is again using the meat ax instead of the scalpel on the aircraft nuclear propulsion program" and thus delaying launching of an atomic-powered plane.

Vance admitted that "controversy has been going on in the halls of Congress" about America's take-it-slow attitude in nuclear power plant construction.

But he insisted there was no rush, that the United States had no need to build such plants so quickly, that it had time to set up research plants and small facilities to make sure it gets the best kind possible.

More than 5 million people are attending adult-education classes in West Germany this year.

Allegheny County Selling Buffalo

PITTSBURGH, (AP)—If you're in the market for a buffalo, can give him plenty of space to roam and guarantee he won't wind up as a buffaloburger it might be wise to get your bid in immediately with officials of Allegheny County.

The county has a herd of 19 buffalo and has set aside 20 acres of South Park for them. But four young buffalo are expected soon and officials have decided to cut down the herd by selling a few.

Parks Director George B. McDonough says he isn't sure how much to charge but he believes the going price for a buffalo is about $500.

Legion And Benny Have Reached "39"

PHILADELPHIA (AP)—The Pennsylvania state American Legion, celebrating its 39th birthday today, has received a letter of congratulation from Hollywood.

It reads: "Imagine your organization was formed when I was born and now we are celebrating our 39th birthday together. So, my sincere congratulations on all your good work and here's hoping your branch of the American Legion continues its excellent record for another 39 years."

The letter was from comedian Jack Benny, who has never gotten around to celebrating his 40th birthday.

STRANGE EXPENSE ACCOUNT

PHILADELPHIA (AP)—The Philadelphia Board of Education decided to look further into an expense account that read: "Recover two horse bodies, Roosevelt Junior High School, $100." It found the bill was for repairing two leather gym horses.

DUFF WILL BE BECK'S ADVISER

WASHINGTON (AP)—Former Republican Sen. James H. Duff of Pennsylvania will serve as "personal legal counsel" to Teamsters' Union President Dave Beck—but won't appear as his lawyer in the Senate investigation of Beck and the union.

Duff said yesterday he thought it improper for him to represent Beck in the investigation, before which Beck is to testify, since he is a recent member of the Senate. Duff lost his bid for re-election last November.

He told a reporter:

"This afternoon I have met with personal representatives of Dave Beck. I have been asked by him through them to be his personal legal counsel.

"This I have agreed to do.

"This representation, does not include personal representation for Mr. Beck before the senatorial committee.

"I make this last statement in order that it may be eminently clear that I do not deem it proper for me as a recent member of the Senate to participate before a Senate committee on the opposite of matters that may have been under consideration while I was a member of the Senate."

Asked in what matters he would represent Beck, Duff said:

"I have no further statement."

He added that he expected Beck to be in Washington shortly, but said he did not know the date.

Betsy's Art To Furnish Her With Romance

BALTIMORE (AP) — Betsy, the Baltimore Zoo's artistic chimpanzee, needs only $150 to complete her dowry.

The now-famous 7-year-old finger-painting ape has collected $500 from her art so far. When she has collected enough to purchase a boy friend, zoo director Arthur Watson said he will take Betsy to New York for a series of meetings with eligible bachelor chimps.

NOT OLD ENOUGH

LOS ANGELES (AP)—Mrs. Peggy Ann Fruehe, 19, won a divorce after testifying her chemist husband, Robert, 22, thought more of his 10 antique cars than he did of her. Superior Judge George A. Dockweiler granted the decree after commenting, "Perhaps you weren't antique enough for him."

BOSTON, Mass. (AP) — Robert Woods recently went back to his home town of Hershey, Pa., and got engaged to Audrey Stump. His fiancee's mother's name before she married was Root. Any offspring are sure to be chips off the old block.

After the bleakness of winter comes Spring. Fulfilling a promise of long ago, the seasons follow one another in divinely planned succession.

All around us we see evidence that evil prevails throughout the world, but the Church gives positive assurance that God is ever present. As Spring brings new life to nature so God, through the Church, brings more abundant life to human beings.

Consider the daffodil—its freshness and beauty speak of hope. Consider the Church—its steadfast faith reaches out to undergird and strengthen mankind. God creates daffodils without our help, but intelligent cultivation makes them even more beautiful. Likewise, He depends on us to work in His Church, helping to spread its influence, to broadcast its message, to make a better world.

Let us accept this tremendous challenge and become a part of God's Church today.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible, daily.

Sunday School Lesson

By H. R. and M. C. Gold

THE AUTHORITY OF JESUS
Matthew 21:23-32

Key Verse: The crowds were astonished at his teaching, for he taught them as one who had authority. Matthew 7:28-29.

Men are taught from infancy to respect authority — of parents, teachers, officers of the law, experts in business. They want it because it gives them a sense of direction and security. They also look for authority in religion. The Hebrews had always looked to the scribes and the Pharisees as their accepted religious leaders, but suddenly they are confronted with new teachings — the Gospel of Jesus Christ.

Jesus had been sure of His authority and His relationship to God since the day of His baptism. As He drew people to Him, He recognized the growing hostility of the Jewish leaders and tried to convince them of His sincerity. He sought to have them understand that He came not to destroy the old law but to give it new meaning. His overtures were in vain.

Did Not Need Proof

The disciples who had followed Jesus did not need proof of His identity or His authority because they had given over their lives to His service and enjoyed the warmth of His love and companionship. But the zealous priests were looking for credentials. They were jealous and eager to retain their own prestige as leaders.

The argument about Jesus' authority and the subsequent parable He gave occurred in the temple during Holy Week. The priests and elders came to Him as He was teaching and demanded, "By what authority are you doing these things, and who gave you this authority?" Jesus' authority was quite evident to all those who were willing to open their hearts and believe. Unless His enemies could find a way to discredit Him before all the Passover pilgrims, they would not be able to destroy Him.

This was a double-barrelled question they asked and "these things" referred particularly to the events of the previous two days. But Jesus countered equally successfully, in this way: "I also will ask you a question; and if you tell me the answer, then I also will tell you by what authority I do these things. The baptism of John, whence was it? From heaven or from men?" The priests and elders knew they were caught in their own mesh; they were more concerned about what the people would think than they were about the true answer, so they answered, "We do not know." So Jesus did not answer their question either.

Many Were Prejudiced

The priests and elders were so prejudiced against Jesus that they were completely blind to the Messiah whom God sent to redeem sinners. Their only though was to charge Him with some crime punishable by death.

Jesus identified Himself with John the Baptist purposely: (1) because John was accepted by the people as a prophet with authority from God; (2) because John and Jesus are recognized as forerunner and Messiah. To make this religious authority entirely clear, He tells the parable of the man with two sons. When the man said to the first one, "Son, go and work in the vineyard today," the son replied, "I will not." Later he repented and went. Then he said the same thing to the second who answered, "I go, sir" but did not go. Jesus then asked which of the two did the will of the father and they replied, "The first."

It was better for the son to say "no" and then change his mind than for the second son to say "I go" and then do as he wished. The tax collectors and harlots who changed their minds and repented would go into the kingdom of God before the religious leaders because they believed Christ and accepted His authority without question. Jesus' authority can be recognized in all of these ways: in His mighty acts of healing, in His life of prayer, in His perfect teaching and example. Best of all He won the victory and lives forevermore as Guardian of our lives.

COUNTY AGENT SAYS TOURISTS HELP FARMERS

"Tourists provide a great market for the farm are surrounding Gettysburg," Fred H. Attinger, associate county farm agent, said today. "A number of the fruit growers," he added, "depend quite largely on roadside markets. Some people come back here year after year from all parts of the country; they become paticularly familiar with the apple industry.

"In this county, famous for apples, the roadside stands catering to tourists naturally sell more fruit than anything else, with vegetables or honey second."

"At all these stands tourists buy apples, peaches and cherries, at most of them cider and honey, and at many stands raspberries, strawberries, plums, tomatoes, sweet corn, beans, peas — almost all the vegetables grown here. One stand sells several thousand dozens of roasting ears a season. Most of the stands are supplied with honey by two beekeepers who do their own processing. The owner of one stand sells chestnuts from his own orchard. He and several others make apple butter, for which there is a steady demand not only by tourists but also by residents of Gettysburg and nearby cities. Motorists from York, Lancaster and Harrisburg buy much fruit and many vegetables, especially on Sundays.

Appreciate Business

"Stands on all the main highways leading to Gettysburg, and even on some of the less traveled roads, are evidence that the farmers appreciate the potential income from three-quarters of a million visitors every year.

"In readiness for the tourist rush, the stands open late in June when sweet cherries are ready for marketing. A little later sour, or Montmorency, cherries are displayed, followed by peaches in July, August and September. About the latter part of August the first apples appear, and from that time on roadside shoppers find a succession of Transparent, Summer Rambo, Delicious, Stayman and other varieties. By the time the last of the apples are gone in the spring it is almost time for the next crop of sweet and sour cherries, strawberries and raspberries in turn to be displayed. A few stands are open the entire year."

It is not only through buying at roadside stands but also indirectly, Attinger pointed out, that tourists add to the income of farmers in this vicinity. Restaurants that serve tourists buy much of their food from local groceries that, in turn, buy part of their produce from fruit and vegetable growers of the Gettysburg area.

Leader Says Schools Can Aid Government

UNIVERSITY PARK, Pa. (AP)—Gov. Leader said last night that "one of the principal missions of our colleges and universities must be to help improve government service."

In an address at Pennsylvania State University, Leader called on educational institutions to "lead the way" and broaden the opportunities in government "for highly educated people."

The governor spoke in connection with the University's "Career Day" program sponsored by the student council of the Collge of Business Administration.

Prospects Brighten For Pact On Cyprus

NICOSIA, Cyprus (AP)—Prospects for an end to guerrilla warfare on Cyprus appeared improved today after an EOKA cease-fire offer.

British Gov. Sir John Harding neither accepted nor rejected the proposal, which was hinged on the condition that the British release Archbishop Markarios from exile. But Harding said he would be the first to welcome any move toward a "genuine and permanent cessation of the present violence," and that he was certain Britain would display "no lack of imagination" in dealing with the situation.

Vias Markides, editor of the Greek Orthodox newspaper Ethnos and a leader of Cyprus' Greek community, hailed Harding's reply as encouraging. Hopes for a halt to the prolonged underground violence rose throughout the island.

Eleven bloodhounds recently were shipped from San Francisco to become members of the Manila police department.

Clothes not as clean as you'd like? Don't blame your automatic washer—it needs hot water and plenty of it. A Family (Laundry) Rated GAS Water Heater is the only *sure* way to solve the problem.

does your automatic washer get enough hot water for whiter washes?

Get a Family (Laundry) Rated GAS Water Heater and make sure!

Even if you have the best automatic washer made, clothes just won't come clean . . . if the water *isn't* hot enough, and if there *isn't* enough 160° hot water. You need anywhere from 30 to 45 gallons per hour.

But why pay for more hot water than you need?

Why pay for a bigger storage tank? Only GAS Water Heaters are fast enough to keep pace with your automatic washer and supply all your other needs at the same time. And only Family (Laundry) Rating can tell you which GAS Water Heaters are right for your particular washer.

first, find out the Family (Laundry) Rating of your automatic washer

Your plumber or gas appliance dealer has a chart which shows how much 160° water your automatic washer needs per hour. THAT is its Family (Laundry) Rating.

then, match it with the right GAS Water Heater

Your dealer or plumber will show you the new GAS Water Heaters with the same Family (Laundry) Rating as your automatic washer. It's that easy to make the right selection.

SPORTSMEN LAY BANQUET PLANS FOR APRIL 25TH

Details concerning the 21st annual spring banquet of the Littlestown Fish and Game Association, Inc., were announced at the monthly meeting of the group, held on Wednesday evening at the Fish and Game Farm, by Robert J. Stonesifer, chairman of the time and place committee, which also included Earl L. Stites and Roy D. Renner.

The banquet will take place on Thursday, April 25, at 6:45 p.m., at Bankert's Restaurant on N. Queen St. and there will be entertainment. Tickets may be secured at Hollinger's Market, Renner Bros. Hardware, Bankert's Restaurant, Stite's Jeweler, Joe's Sporting Good, R. J. Stonesifer's Appliances, or from any member of the banquet ticket committee as follows: Thomas E. Craig, James U. Bowers, Luther G. Myers, G. Richard Knipple, Lawrence T. Crouse, Lewis U. Motter, Kenneth Bortner, William Wherley, Paul L. Hollinger, Harry O. Harner, and Stanley Keefer, the latter of Gettysburg.

Hadley Blocher, vice president, conducted the meeting and received the secretary's report from Earl L. Stites, in the absence of that officer. Charles M. Polley, Gettysburg, was introduced to the group by David S. Kammerer, advisor to Explorer Post 84, and Mr. Polley spoke concerning the possibility of the association sponsoring a rifle club in the community for boys ages 12 to 19. Mr. Polley explained the National Rifle Association to those present and the fact that a sponsor is needed in order to organize a local group. A committee consisting of David Kammerer and Albert J. Starner was appointed to study the project, to find out what will be needed and what requirements must be met, and to report their findings at the next regular meeting on April 10.

It was decided to paint the interior of the clubhouse on Tuesday evening and all members who possibly can are asked to be at the grounds at 6:30 that night, or before, to lend a hand. The last shooting match of the season will be held on Saturday, beginning at 1:30 p.m. Refreshments were served by Richard A. Little Jr., Thomas E. Craig and Edgar Pfeffer.

Dickinson Holds Memorial Service

CARLISLE, Pa. (AP) — Dickinson College held memorial services on the campus last night for three students killed in an automobile crash Wednesday.

The annual Military Ball, scheduled for last night, was postponed.

Francis D. Ventura of Norristown, a fourth student in the car who was critically injured, remained in serious condition today at Carlisle Hospital.

Funeral services were scheduled for this morning for Anne Hilton, daughter of the Rev. and Mrs. John G. Hilton of Carlisle. The services were to be conducted in St. John's Episcopal Church of which the Rev. Mr. Hilton is rector.

Besides Miss Hilton, the dead were Edna C. Walton of Baltimore and John C. Kelly of Bay Shore, N.Y.

The four had gone for a ride in a mountain resort area south of Carlisle. Their car crashed into a bridge abutment and plunged into a shallow creek on the return trip, late in the afternoon.
